PVC STRIP CURTAINS

Carrington Doors offer a comprehensive range of quality PVC products for all applications.

Extremely cost effective, they can quickly pay for themselves by saving energy and improving the working environment.

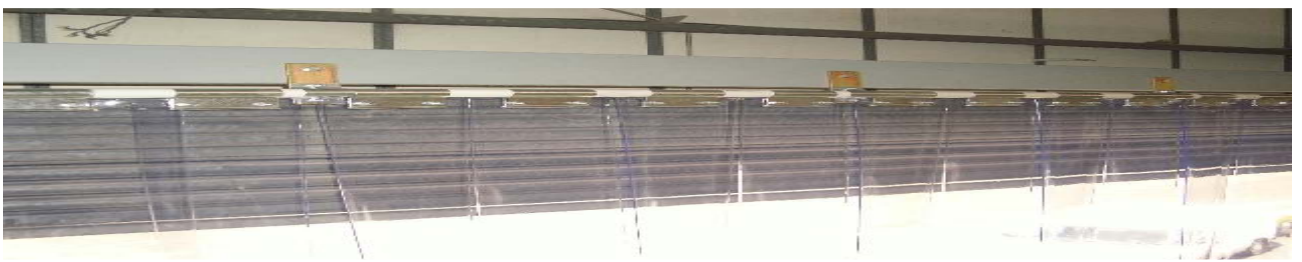

Individual PVC strips overlap each other to form a flexible sheet that will cover any size of opening yet still be accessible to vehicles and pedestrians.

KEY FEATURES

- Retain heat or chilled air
- Improve workplace safety
- Clear strips allow natural light to pass through
- Reduce noise levels
- Safe easy access for people and vehicles.
- Virtually maintenance free.
- Available for all temperature ranges.
- Help to keep out flying insects and birds.
- Safe, self extinguishing material.
- Manual or powered slide aside systems.
- Tinted welding screens reduce harmful U.V. light by over 90%

Keep existing curtains in peak condition by replacing damaged strips from our readily available selection.

Our policy is one of continuous product development and we therefore reserve the right to vary the product specification in this sales brochure
