## WHEEL GUIDES

Many applications in the Loading Dock Area require either accurate positioning of vehicles or minimising damage to equipment.

Carrington wheel guides help to increase the life of your dock shelters. Once fitted they ensure vehicles approach centrally and square to the dock in a safe position.

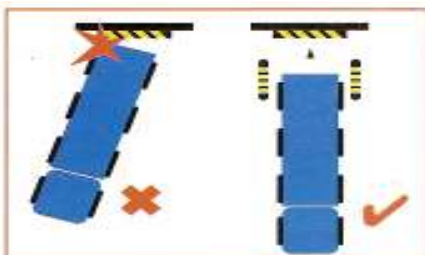

### KEY FEATURES.

Sturdy all steel construction.

Powder coated – traffic yellow.

Visual aid keeps drivers in line with loading bay.

Aids correct reversing and positioning.

### WHEEL GUIDES

#### KEY FEATURES

- Smooth, curved profile - designed to be kind to tyres.
- Welded base plates pre-drilled at the factory to reduce installation time
- Factory primed and finished in bright yellow gloss to ensure high visibility.
- Quickly fitted by our engineers with minimum disruption to your loading bays.
